

I am terribly concerned that K-LOVE FM radio station may be displaced by an LPFM broadcaster. I tune in daily to K-LOVE and know that my family members in other states do as well. K-LOVE is one of the few truly uplifting stations on the air. We enjoy the music, the comments by so many who call in with encouraging stories and the news! For the well-being of the young and old alike in our community, K-LOVE needs to be available to us at all times.
